📍 Address: Śliska Street 14, 30-516 Kraków (Poland)

### ABOUT ME

---

I am a proud holder of the engineering degree in Data Engineering. I have the skills in using virtual instruments to collect and operate data. I possess a clear vision of the future of high technology. Currently, the world is on the brink of the fourth industrial revolution, which is likely to radically change everyone's life. Therefore, my goal is to find a team where I can reach my full potential.

GitHub service presents some of my projects:
